Subject: Re: First peek at Numbers

Here is the same spreadsheet with numbers for
favorites/comments/subscriptions.

I'm still working on 10K top users' numbers. I'm having a big problem
trying to scrub out spammers since they are really skewing my numbers (at
least it looks to me as they are). I'm gonna try a few more things, and if
it doesn't work, just send you what i have.

please, let me know if you have questions! (or if you want to help figure
out the spammers :))
